Subject: north shore park

Aloha to Our Valued Elected Officials,

Please understand that we want this city park to remain a city park!! It would be a travesty to turn this property over to a developer such as Andy Anderson who has such a bad reputation on the North Shore...he is the one that tore down the Haleiwa Theater at night to build a McDonalds! (not to mention numerous other projects that have had a negative impact on the north shore) This is just wrong. Please understand that the North Shore Community wants to see a better future for the next generation and Andy Anderson is not a respected or trusted person to do this. KS schools at least has some vision for the future. Please think out of the box and do the right thing! Ideally it is kept as a city park, there is so much community support, if you have seen the changes the community has been working tirelessly to clear & clean the property, we need our elected people to come out and see what we have done...be the hero and do the right thing, Aloha from your supporters.
